SPbPU is the oldest technical university in Russia and is also a national research university.

The university's graduates are in demand across research, design and business.

SPbPU offers its students:

- A wide selection of study programmes (Bachelor's, Specialist and Master's Degrees, Postgraduate Studies Programme);
- Teaching from the best lecturers of St. Petersburg and European universities;
- Internships;
- Academic mobility programmes;

- Double degree programmes;
- Scholarships;
- Assistance gaining employment with companies that are leaders in the global market.

Since the foundation of the university in 1899, a huge number of its graduates have received worldwide recognition in various spheres and won prestigious awards, including the Nobel Prize.

Student successes

SPbPU international students consistently achieve professional success. Here are some examples:

- Abu Hattab Ahmad Hassan (Jordan) – Associate Professor, teacher at SPbPU.
- Frantisek Svitala (Poland) – President of the Association of St. Petersburg University Alumni.
- Gu Lo Guang (China) – Rector of Chongqing University
- Guang Jian (China) – Employee of the Ministry of Nuclear Power, PRC.
- Rosi Mamai (Chad) – Officer of the Ministry of Economics, Chad.
- Abdel Latif Abid (Morocco) – Honorary Consul of Russia in Agadir.
- Seddak Aissa (Algeria) – Professor of the University of Science and Technologies, Oran.
- Buyanbat Behbat (Mongolia) – Head of the Department of Education, Ulan-Bator City Council.

Famous graduates

Mikhail Koshkin Renowned Soviet designer of the famous T-34 medium tank

Georgy Flerov	Famous Soviet nuclear physicist, specialist in ionizing radiation and one of the fathers of Soviet atomic bomb, a full member of the Soviet Academy of Science. Carried out research in synthesis and study of the transuranium elements.

Preparatory department for foreign applicants

Other types of training

Foundation programmes are designed to introduce students to the academic discipline which they are going to master

in the next few years. They also give students the opportunity to develop their abilities in speaking and writing Russian in order to ensure language comprehension. Our pre-degree programmes incorporate three areas of study: Engineering, Economics, and Humanities. The foundation programs are mandatory for applicants to all Russian degree programmes (BSc, MSc, PhD).

Since 1966 over 15000 students from all for continents have completed our foundation programmes.

The preparatory education offered by our university is aligned with the standards set by the federal laws which regulate the programme curriculum. Since the focus of this programme is the language preparation, students receive intensive language training throughout the academic year.

Currently, we offer three foundation programmes:

1. "University Foundation Programme - Standard" (enrolment dates: September to November)

- Course length - 10 months
- Curriculum includes 1340 academic hours
- Curriculum is built around the chosen area of study

Engineering	Basic disciplines	the Russian language, mathematics, physics
	Additional disciplines	computer science, chemistry, sports
Economics	Basic disciplines	the Russian language, mathematics, economic and social geography.
	Additional disciplines	the economy, social science bases, computer science, history, sports.
Humanities	Basic disciplines	the Russian language, history, economic and social geography.
	Additional disciplines	the basics of social science, literature, mathematics, computer science, and sports

2. "University Foundation Programme - Intensive" (enrolment starts in November)

- Course length - 8 months
- Curriculum includes 1200 academic hours
- Curriculum is built around the chosen area of study

Engineering	Disciplines	the Russian language, mathematics, physics
Economics	Disciplines	the Russian language, mathematics, economic and social geography.
Humanities	Disciplines	the Russian language, history, economic and social geography.

To ensure better understanding of the material small student groups of 7-12 people are formed.

Successful completion of the programme is recognized with a Certificate of completion.

3. Russian language Study Programme (First certificate level):

- Course length - 10 months
- Curriculum includes 840 academic hours
- Profile disciplines: the Russian language.

Support of foreign students

A group of tutors helps students get an easy and quick start at the university and supervises all programmes taught in English. Students who wish can get a work permit to work outside of the university. There are on-campus and faculty job opportunities for full-time students.

Everyday life of foreign students

The university has a student housing complex comprised of several residential buildings, two of which are occupied strictly by international students. The dormitories are within walking distance from the departments located on campus.

Paid additional services are available in campus dormitories for foreign students: internet, student lounges,

emergency medical center, sports facilities, self-service laundry, and a café.

Leisure and sport events

The Institute has a variety of social activities to suit many different tastes – festivals «Golden Autumn», «The Day of Russian Language», «Birthday of A.S. Pushkin», «Maslenitsa» (Russian Pancake week), «The Small Olympic Games».

Sport represents a lively section of the social life on University campus. A swimming pool and a fitness center are available for students.

Employment of foreign graduates

Most graduates find jobs in their field of studies. Most sought after majors in the job market today are construction engineering, nuclear power and technology, metallurgy, electronics and nanotechnology, machine building.

Events

	QS World Grad Tour, spring 2017	February 9th, 2017 San Paulo (Brazil)
	SPbPU webinars	March 7th, 10th, 2017
