

Instrument Engineering

National Research ITMO University

Degree or qualification is awarded: **B.S. in Instrument Making**

Language of study: **Russian**

Mode of study: **full-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **246 000 RUB per year**

Programme curator: **Evgeny Yablochnikov**

Tel.: **+7 (812) 233-58-98**

E-mail: eugeniy@bee-pitron.spb.su

- The aim of the program is to train professionals on the formalization of mathematical models and solving technical problems and designing software systems that can be integrated into a single system of technical preparation of production.

Specializations within this programme

Digital Technique in Instrumentation Engineering

- The student will know how to work in the field of the humanitarian, social, economical, mathematical and scientific basis
 - This program will help you to work in the field of the new products researches and developing and technologies
