Students studying at the Faculty of Chemistry become highly qualified specialists. Graduates from the Faculty of Chemistry get employed at academic and industrial scientific research institutions, leading enterprises of petrochemical and chemical industry in Russia and the Nizhny Novgorod region, analytical control laboratories (ecological control, customs, forensic laboratories, sanitary and epidemiological service), enterprises of radio-electronic, pharmaceutical, food, wood processing and other industries, as well as teachers at higher educational establishments, schools and other sectors of national economy.

Students of the Faculty of Chemistry actively participate in scientific work, which is an integral element of the educational process. A lot of students are winners of Russian scientific student's conferences and competitions. After graduation the most talented students improve their scientific qualification by studying under postgraduate training programmes under the guidance of leading professors of the Faculty.
