Programme webpage at the university website: <http://www.sfu-kras.ru/en/education/programs/unique-buildings>

Programme curator: **Irina Sukovataya**

Tel.: **+73912062165**

E-mail: ISukovataya@sfu-kras.ru

The program is designed to develop professional skills enabling students to manage all stages of building construction, from planning and designing to erection and exploitation.

A strong emphasis of the program is placed on the seismic resistance of buildings and structures.

Students will learn basics of constructing buildings resistant to adverse climatic conditions and seismic activity
