

Environmental Chemistry, Chemical Expertise and Environmental Security

Immanuel Kant Baltic Federal University

Degree or qualification is awarded: **Master**

Language of study: **Russian**

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **yes**

Price: **1 200 USD per year**

Programme webpage at the university website: <https://www.kantiana.ru/education/programms/>

Programme curator: **CHibisova Natalia Viktorovna**

Tel.: **+70412595595 (add 5005)**

E-mail: NCHibisova@kantiana.ru

The programme is meant: to train highly qualified specialists in the field of Environmental Chemistry, Chemical Expertise and Environmental Security who can prevent or minimise the damage to the environment caused by various types of human activities.

Mastering the program enables students:

- to conduct independent research in the field of Environmental Chemistry, Chemical Expertise and Environmental Security, which requires fundamental interdisciplinary knowledge and skills in the implementation of modern experimental methods;
- to implement expert analysis in the specific areas of Environmental Chemistry, Chemical Expertise and Environmental Security;
- to conduct research in the field of Environmental Chemistry, Chemical Expertise and Environmental Security.

Specializations within this programme
