Ambitious recent graduates and professionals who want to be the first in the area of finance are welcome to apply for the program. The program offers a number of competitive advantages, including:

- Acquaintance with best global practices presented by HSE faculty, CFA Charterholders, FRM, ACCA holders and top executives in the industry;
- 75% of all three levels of the CFA Program Candidate Body of Knowledge;
- Training in ethical and professional standards developed by the CFA Institute;
- Opportunities to pursue careers with Russian and international financial institutions, i.e., banks, investment, hedge & pension funds, rating agencies, consulting groups, insurance and audit companies, industry;

The program offers two study tracks, where the study process is fully in English or in Russian. We consider an international applicant's documents for the track with the English language instruction by default. Certainly, you can choose to study in Russian.
