

Condensed matter physics

National Research University – Higher School of Economics

Degree or qualification is awarded: **Postgraduate diploma**

Language of study: **Russian, English**

Mode of study: **full-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **Only free tuition available**

Programme webpage at the university website: <https://aspirantura.hse.ru/en/>

Programme curator: **Eduard S. Klyshinskii**

Tel.: **+7 (495) 772-95-90 (add 15221)**

E-mail: eklyshinsky@hse.ru

The HSE Doctoral School of Physics offers students in-depth training and opportunities to perform high quality independent research in a diverse array of subjects, ranging from physics at the nanoscale to astrophysics.

At our school, students have opportunities to carry out cutting-edge research by joining one of our programmes in such fields as theoretical physics, low-temperature physics, condensed-matter physics, optics, or astrophysics. Our students, experimentalists and theorists explore the laws of physics at a fundamental level, as well as examine new physical phenomena. Our goal is to provide a world-class education and research experience.
