The advantage of the Pharmacy program is practical training on high-tech laboratory, medical, pharmaceutical equipment. You will be able to practice and carry out research work under the guidance of experienced specialists at the FEFU Medical Center or at the bases of the largest pharmacy chains in Vladivostok: "Monastyrev.RF", JSC "Our pharmacy", JSC "Melody of health". You will be able to work in the laboratories of the School of Biomedicine, the research direction of which affects the field of drug development, preclinical and clinical trials of new pharmacologically active substances. Our students participate in pharmacological and pharmaceutical research at different stages of drug development.

Key disciplines of the program:

Pharmacology, toxicological chemistry, Pharmaceutical informatics, Medicinal plants of Primorsky Krai, Pharmaceutical consulting, Innovative technologies and equipment, Biotechnology, Clinical Pharmacology, Pharmacognosy, Pharmaceutical Chemistry.

Partners and experts involved in the implementation of the program:

Pharmacy chains "Monastyrev.Russian Federation", JSC "Our Pharmacy", JSC "Melody of Health", LLC Intek, Federal State Budgetary Institution "Primorsky Fruit and Berry Experimental Station of the Primorsky Research Institute of Agriculture", Federal State Budgetary Institution Botanical Garden-Institute of the Far Eastern Branch of the Russian Academy of Sciences, Federal State Budgetary Institution "National Scientific Center of Marine Biology".
