

Electronics, radio and communication systems

Peter the Great St. Petersburg Polytechnic University

Degree or qualification is awarded: **Research teaching fellow**

Language of study: **Russian**

Mode of study: **full-time, extramural**

Duration: **4 years**

Availability of free education: **yes**

Price: **250 800-262 200 rubles**

Programme webpage at the university website: <http://www.spbstu.ru/upload/iblock/ab9/11.06.01.pdf>

Programme curator: **Mr. Denis Akhmetov**

Tel.: **+7 (812) 329-47-44**

E-mail: ahmetov_db@spbstu.ru

The program aims to mould students into qualified graduates in the field of material science, nanotechnologies and elements of electrotechnics who possess the ability and qualification required to successfully carry out tasks related to receiving and processing of various nanomaterials, creation of elements of electrotechnics and their implementation in different fields of technology as well in high-tech industries in which physic-chemical processes of surface modification are widely used.

Specializations within this programme
