Programme curator: **Alexander Gorbatov**

Tel.: **+7 499 230-24-04**

E-mail: mp@misis.ru, avgorbatov@mail.ru

The program offers a systematic training in the design, development and application of innovative software systems in various spheres of human activity. Such software can interact with various objects, structures, tools, etc. used in human economic activity, and in any area - from financial to mechanical and electronics.

Having received our Master's degree, our highly qualified graduates will be able to apply their skills in research, production or management, etc.

Specializations within this programme

- Innovative software systems.
- Design, Development & Applications.
