

# Advanced Functional Materials and Coatings

National University of Science and Technology MISIS

Language of study: **Russian**

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **yes**

Price: **245 400 rubles/per year**

Programme curator: **Evgeny Levashov**

The program is focused on high-tech manufacturing of functional materials by self-propagating high-temperature synthesis (SHS), and various processes of applying coatings on mechanical engineering and special-purpose items.

## Specializations within this programme

- Expert on applying functional coatings on mechanical engineering and special-purpose items.
- Expert on combustion synthesis of functional materials and products.
