

Mineral Concentration

National University of Science and Technology MISIS

Language of study: **Russian**

Mode of study: **full-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **278 000 rubles/per year**

Programme curator: **Tatiana Yushina**

Tel.: **+7 499 230-24-46**

E-mail: OPI.MSMU@yandex.ru

The program covers research, engineering, and manufacturing aspects of processes of disintegration, extraction, and concentration of natural and man-made minerals, enabling highly efficient processing of minerals into high quality products suitable for subsequent technologically and economically feasible applications in many industries.

Specializations within this programme

Mineral and man-made raw material concentration and processing (within the specific area of postgraduate research)
