

Computer Science and Engineering

National University of Science and Technology MISIS

Language of study: **Russian**

Mode of study: **full-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **278 000 rubles/per year**

Programme curator: **Alexander Gorbatov**

Tel.: **+7 499 230-24-04**

E-mail: avgorbatov@mail.ru

The program offers systemic training in design, development and application of innovative software systems in various spheres of human activity. Such software may interact with various objects, structures, tools, etc. used in human economic activities, and in any area - from financial to mechanics and electronics. After obtaining the master's degree, our highly qualified graduates may apply their skills in research, production, management, etc.

Specializations within this programme

Master of Automated System Design
