

Control in Technical Systems

National Research ITMO University

Degree or qualification is awarded: **B.S. in Technical Systems Management**

Language of study: **Russian**

Mode of study: **full-time, part-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **246 000 RUB per year**

Programme webpage at the university website: <https://en.itmo.ru/en/program/191/Digital%20Control%20Systems.htm>

Programme curator: **Dmitry Lukichev**

Tel.:

E-mail: ukichev@itmo.ru

Specializations within this programme

Digital Control Systems

Program description

Digitalization is actively gaining ground in practically all fields of science and technology: from robotic manipulators capable of accurately performing the most complex actions without human intervention due to their state-of-the-art software and a large number of sensors in the industry to drones and digital control systems managing all components of a car in transport and various everyday-life devices at the heart of smart home systems.
