

Optical Engineering

National Research Tomsk Polytechnic University

Degree or qualification is awarded: **Bachelor of Science**

Language of study: **Russian**

Mode of study: **full-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **2 900 Euro/year**

Programme webpage at the university website: <http://abiturient.tpu.ru/study/directions-list/120302.html>

Programme curator: **Shtanko Viktor Fedorovich**

Tel.: **+73822419834**

E-mail: shtanko@tpu.ru

The educational program is aimed to train professionals in the field of optical and laser technologies, light engineering and design, as well as matters of 3D laser scanning.

The main feature of the training of these specialists is making them familiar with engineering and design of optical technological processes on the basis of the method of mathematical modeling and computer simulation systems. That enables resource efficiency of planned and existing facilities.

Specializations within this programme
