The program gives knowledge about state and municipal management. During their studies, students acquire useful connections and contacts while doing internships at the region's leading enterprises, in central and local government bodies. It allows them to communicate with people more in a professional way, take competent managerial decisions, be effective businesspeople or public employees. The list of subjects includes the following:

Public sector economics.

- Theory and mechanisms of modern public administration.
- Information analysis technologies in public administration.
- Personnel policy and personnel audit in organizations.
- Municipal administration and local governments.
- Public administration in social sphere.
- Regulatory support of public administration.
