

Electronics and Nanoelectronics

Peter the Great St. Petersburg Polytechnic University

Degree or qualification is awarded: **Bachelor of Electronics and Nanoelectronics**

Language of study: **Russian**

Mode of study: **full-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **210 200 - 219 600 rubles**

Programme curator: **Mr. Denis Akhmetov**

Tel.: **+7 (812) 329-47-44**

E-mail: ahmetov_db@spbstu.ru

Design of electronic component based software, experimental methods of nanostructural studies, diagnostics of the surface area of nanomaterials, development of competitive and prospective micro- and nanoelectronic devices of infocommunicational systems.

Specializations within this programme

Integral electronics and nanoelectronics

Materials, components, devices, facilities, methods of their research, design, principles of technological production, modern software and data support systems for modeling and design of electronic and nanoelectronic devices.
