

# Materials Science and Technology of Materials

Peter the Great St. Petersburg Polytechnic University

Degree or qualification is awarded: **Bachelor of Materials Science and Technology of Materials**

Language of study: **Russian**

Mode of study: **full-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **210 200 - 219 600 rubles**

Programme curator: **Mrs. Natalia Solodilova**

Tel.: **+7 (812) 552 66 23**

E-mail: [solodilova\\_na@spbstu.ru](mailto:solodilova_na@spbstu.ru)

- Studies on properties of steel and alloys, thermal processing of constructional and functional materials for energy, machine-building, oil, and other industries;
- Study of physical and chemical processes characteristic for welding.

## Specializations within this programme

### Materials Science and Technology of New Materials

Knowledge of principle technology processes currently in use for production of powder, composite, and nanostructural products.

### Laser technologies in materials processing

Laser, hybrid, and electron beam processing of materials, operating modern laser equipment.
