This comprehensive programme prepares students for careers in the international public and private sectors, offering a wide selection of courses in history, politics, science, economics, foreign languages, and more. Students gain a complex understanding of global politics while developing analytical and critical thinking skills and honing their writing skills and ability to formulate and discuss ideas. Graduates are well equipped for careers in business, civil service and academia, or to continue their education by pursuing a master's degree in Russia or internationally.

Graduates receive: Bachelor of International Relations (HSE), Bachelor of Science (BSc) in International Relations (UoL)
