This programme covers a wide range of subjects in the politics sphere including political culture, political mythology, the problem of the political process, political education, methods of political PR, and other.

The offered lectures, seminars, workshops, research projects, scientific conferences, and meetings with leading scientists from Russia and foreign countries, dialogue with prominent politicians will allow students to obtain advanced knowledge and skills. This programme pays great attention to foreign languages.

Students also get the practical during the four years of studying. That allows our graduates to work in various government agencies, political parties, security agencies, and in Russian, Chinese and UK universities.

In addition, our students have a chance to participate in exchange programs with other universities, for example, in Germany, France, Poland, and major Russian in the field of Political Sciences.
