"Costume Design" program unites creative individuals who are ready to develop competencies in the field of creating clothes that many will want to wear. Yves Saint Laurent said: "I don't design clothes - I design dreams." The costume designer is an artist profession, which is currently in demand and has a high social status.

Students are going to aqcuire the following skills:

- designer methods in creative process;
- execution of sketches search, compositional solutions for design projects;
- creation of an artistic image;
- practical skills of various kinds of fine arts and methods of project graphics;
- the basics of industrial mastery;
- selection of necessary scientific, methodological and art history literature;
- putting forward and developing conceptual, experimental and innovative ideas.

Program aims: to prepare a bachelor who has a wide range of knowledge in the field of illustration, computer technology, design, general cultural and professional competencies, capable of applying knowledge, skills and personal qualities to solve problems in the professional sphere.

The uniqueness of the program lies in the fact that it is focused on teaching in the field of design, construction, technology of making a suit, prototyping, developing collections. The partners of the program are LLC "AlterDiz" ,LLC "Forma".
