

Mathematical Modelling Methods and Computer Technologies

National Research University – Higher School of Economics

Degree or qualification is awarded: **MSc in Applied Mathematics and Informatics**

Language of study: **Russian**

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **yes**

Price: **320 000 RUB per year**

Programme webpage at the university website: <https://www.hse.ru/en/ma/mmat/>

Programme curator: **Karasev, Mikhail**

Tel.: **+74959168876**

E-mail: mkarasev@hse.ru

The programme aims at training high class specialists engaged in research at the turn of different fields of mathematics and its applications in current and future modelling tasks.

Master's students take part in international internships, projects and conferences and participate in research laboratories' activities. Graduates make their careers in leading Russian and international universities, institutes and technological centres, study in postgraduate programmes and take part in HSE young faculty support programmes.
