

Physics and Astronomy

Novosibirsk State University

Degree or qualification is awarded: **Ph.D. in Physics, researcher, teacher**

Language of study: **Russian**

Mode of study: **full-time**

Duration: **3 years**

Availability of free education: **yes**

Price: **5 500 USD per year**

Programme webpage at the university website: https://education.nsu.ru/department_physics_english/

Programme curator: **Alexander Zarvin**

Tel.: **+7-383-3634425**

E-mail: zarvin@phys.nsu.ru

Postgraduate programs at Novosibirsk State University are oriented towards research through collaboration with the institutes of the Siberian Branch of the Russian Academy of Sciences. Postgraduate Students are scientifically advised by highly qualified specialists of these institutes.

Within this program students can choose one of the following specializations:

- Theoretical Physics
- Crystallography, Crystal Physics
- Optics
- Condensed Matter Physics
- Plasma Physics
- Semiconductor Physics
- Thermophysics and Thermology
- Nuclear and Elementary Particle Physics
- Laser Physics
- Chemical physics, combustion and explosion, physics of extreme matter states
- Equipment and methodology of experimental Physics
- Physics of charged particles beams and accelerative equipment

Specializations within this programme
