

III International Baltic Conference on Magnetism: focus on nanobiomedicine and smart materials (IBCM)

Immanuel Kant Baltic Federal University

Degree or qualification is awarded: **Certificate**

Language of study: **English**

Mode of study: **full-time**

Duration: **18.08.2019-22.08.2019**

Availability of free education: **yes**

Price: **200 €**

Programme webpage at the university website: http://lnmm.ru/ibcm_2019/

Programme curator: **Mrs. Irina Baraban**

Tel.: **+7-921-851 25 65**

E-mail: machay@lnmm.ru

An exhibition of equipment from ThermoFisher SCIENTIFIC and a workshop on how to use this equipment will be organized at the international conference IBCM2019. For participation in the workshop students will receive credits.

The conference is intended to facilitate the interdisciplinary interaction between the leaders and students of these fields.

Deadline for application: 31 MAY 2019

Registration fee:

1. Regular participant: 300 euros
 - Student: 200 euros
 - Accompanying person: 150 euros
 - Thanks for Sponsors support, the registration fee for Russian participants is 10 000 rubles.

The IBCM 2019 and the IEEE Magnetics Society offer travel grants to a limited number of students who wish to attend the International Baltic Conference on Magnetism IBCM 2019 . The grants are intended to partially cover the organizing fee and fully cover accommodation.

Application for student travel grant requires to fill the [form](#). All documents have to be sent by mail to the conference address (ibcm@lnmm.ru). The deadline for students travels grants application is April 30th.
