

# Chemical Technology of Modern Power Engineering Materials

Far Eastern Federal University

Degree or qualification is awarded: **Specialist**

Language of study: **Russian**

Mode of study: **full-time**

Duration: **5,5 years**

Availability of free education: **yes**

Price: **170 000 rubles per year**

Programme curator: **Oksana Blazhilina**

Tel.: **+74232652424 (#2206)**

E-mail: [interadmission@dvfu.ru](mailto:interadmission@dvfu.ru)

Specialization: "Nuclear and radiation safety at the nuclear energy facilities"

The XXI century is the age of high technology. Nuclear techniques are increasingly used world-widely for obtaining the large amount of energy. Peaceful atom is now becoming more and more important. The educational program is aimed to train the specialists in the intersection of chemical engineering and nuclear power, capable of using the atom safely for the environment.
