Peter the Great Saint Petersburg Polytechnic University on behalf of the Institute of Energy presents traditional and annual Winter Energy School. The School provides the opportunity to attend intensive academic program with lectures and company visits (Thermal Power Plants, Nuclear Power Plant, industrial companies and leading enterprises). All studies are developed according to the European requirements and can be recognized as a period abroad. The 2020 edition of the Winter Energy School is organized to offer 5 ECTS in the fields of Electrical Engineering, Nuclear Engineering, Oil and Gas in Energy Industry and Turbomachinery.
