The course offers an opportunity to raise students' cross-cultural awareness and enhance their intercultural communicative competence in international business settings. The program aims to acquire essential skills and competences necessary for working in a modern global community. The efficiency of cross-cultural communication processes clearly determines the success of business in international settings. To get the most from intercultural communication in business students need a deep knowledge of culture systems and its applications in a different environment. The program includes numerous opportunities to apply and develop skills through practical tasks.

Key points
