Deadline: June 1, 2021

Admission requirements: Bachelor's students in respective fields (3rd year and above) and Master's and PhD students, working professionals

Summer camp's program

Research Summer Camp in Biotechnology 2020 is held at the International Research Center "Biotechnologies of the Third Millennium". The camp's participants will not only receive a unique access to modern research laboratories at ITMO University but will also conduct their own BioTech project. The camp is open for students and working professionals interested in modern research methods of food systems and products' quality and safety optimization in accordance with international standards. Join us and be ready to receive top-notch knowledge on the latest achievements in Biotechnology and on how to create high-quality and environmentally friendly food products.
