The program is focused on training personnel with knowledge and competencies in the field of world economy/international economic relations and in international business. Training in this profile aims to study the relationship between political and economic processes in their global and regional dimensions, to analyze the activities of national and international business structures. Within the framework of the program, modules are implemented that allow to reveal the patterns of world development in a combination of politics and economics.

Profile modules:

- > Technologies and practices of modern international business
- > International financial markets and financial institutions
- > Global commodity markets and trade policy
- > Modern multinational corporations
- > International financial and economic organizations
- > Geography of the regions studied languages
