

Optical microsystems and nanotechnologies

Samara National Research University

Degree or qualification is awarded: **Master's Diploma**

Language of study: **English**

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **no**

Price: **157 400 RUB per year**

Programme curator: **Pavelyev, Vladimir S.**

Tel.: **8 (846) 267-48-43**

E-mail: nano@ssau.ru

Curriculum includes the set of basic courses, concerning general topics, like basics of nanoelectronics, fundamentals of nanotechnology, as well as specialized courses like high efficiency photovoltaics, diffractive micro-optics, diagnostics of nanostructures etc.

Specializations within this programme
