Purpose of the educational program

The program is designed to train specialists in the field of international economic relations of European and North American countries.

Why choose this program?

Learn several foreign languages.

Focus on international activities.

Comprehensive training program.

Country specialization.

The possibility of internships in international companies and foreign universities.

Advantages

The competitive advantage of the master's program is a synergetic approach that allows combining economic, cultural, linguistic, historical and religious factors that affect the nature of economic development and the system of business value orientations of the countries of the studied region. The uniqueness of the program is to involve practitioners in the educational process: representatives of public administration and the real sector of the economy.
