The program is not only focused on the direct development of basic and variable disciplines, but also provides a wide range of opportunities for developing translation skills during organized events, trainings, round tables and practical seminars, which is made possible by the fruitful cooperation of the Higher school of foreign languages and translation with the program's partners – the Caspian higher school of translation, leading European universities, the European Commission's translation Department and other international organizations.

The master's program "theory of translation, intercultural and interlingual communication" provides opportunities for the development of those professional competencies that will allow graduates to compete seriously in the market, acquire a set of academic knowledge and practical skills that contribute to harmonious development in the profession.

Possibility of language internships abroad during the holiday period.
