

Physics of Material Science

National University of Science and Technology MISIS

Degree or qualification is awarded: **Bachelor's Degree in Materials Science and Technologies**

Language of study: **Russian**

Mode of study: **full-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **228 000 rubles/year**

Programme webpage at the university website:

Programme curator: **Alexander Savchenko**

Tel.: **+7 495 955-01-33**

E-mail: savchenko@misis.ru

The program is aimed at training specialists in the scientific field of material structures and properties, including functional materials with unique magneto-soft and magneto-hard properties, magnetic nanomaterials for biomedicine. Student get hands-on experience in production technologies and carrying structural research. Each graduation work is an independent research within the framework of real-life projects that are carried out by the department of physical material science and partner labs and centers.

Specializations within this programme
