Specializations within this programme

Data Analytics

PROGRAM DESCRIPTION

This joint corporate Master's program by ITMO University and Yandex is aimed at training highly qualified Data Science specialists who can develop, adapt and apply data analysis methods in a wide variety of subject areas using machine learning, time series analysis, natural language texts analysis, as well as images, sounds, and computer vision. Graduates of the program will be able to process large amounts of data using the methods of statistical analysis, machine learning, and neural networks.
