Programme Focus:

Master of Laws is a professional with high level of qualification; he or she plays a leading role in the development of the Russian economy and law, in shaping the development path and driving the organization's resources to achieve the goals! The programme aims at training lawyers of wide proficiency, ready to practical work in the field of private law, and to continue research activities.

Programme advantages:

We have reached the best balance of theoretical and practical knowledge and skills required by a successful modern lawyer.

In a market economy, graduates of Institute of Law are sought after and in-demand specialists whose work and ability are adequately paid on the labor market.

Graduates of not only Russian universities, but also from CIS and non-CIS states can enter the master's programme on "Civil Law, Family Law, Entrepreneurial Law, International Private Law".

Graduates' expertise and career opportunities:

The Master's programme is practically oriented. Master students are trained to work in Russian, foreign and international companies, carrying out economic activity independently or providing various legal services, including the opportunity to participate in the consideration and resolution of disputes.

Programme graduates, having a high level of knowledge, skills and practical experience, are in sufficient demand in the labour market, they work in the most famous Russian and international companies and law firms, such as Clifford Chance, Dechert, EPA&P, Leroy Merlin etc.
