Camp in Programming

National Research ITMO University

Language of study: **English**
Mode of study: **full-time**
Duration: **4 weeks**
Availability of free education: **no**
Price: **40,000 RUB (~450 euro)**

Programme webpage at the university website: https://en.itmo.ru/en/viewjep/3/15/Camp_in_Programming_2021.htm

Programme curator: **Ekaterina Rassolenko**
Tel.: **+7(812)457-17-90**
E-mail: e.rassolenko@itmo.ru

Place of Study: ITMO University
Outcome (diploma or credits): Practical skills and experience in solving programming contests' tasks; theoretical knowledge and practical skills in the field of machine learning; ITMO official certificate, 8 ECTS credits
Duration: 4 weeks (July 1-28, 2021)
Language: English
Application Deadline: 15 May 2021
Admission Requirements: Bachelor's students in respective fields (3rd year and above), Master's and PhD students
Tuition Fee: 40,000 RUB (~450 euro)

Could you call yourself a programming guru? How many programming languages do you know? What is the difference between high-level and low-level programming languages? The world-class experts will help you gain knowledge, obtain professional skills and acquire unique international experience in the field.

The camp incorporates a list of two modules: solving programming problems and machine learning. Students will acquire hands-on experience in solving programming contests tasks, team interaction and work planning, as well as get theoretical knowledge on advanced topics of computer science and practical skills in the most important areas of modern machine learning.

Learn from the world 7-times programming champions to achieve excellent career expertise!
