## **Programme Focus:**

The programme provides understanding of methods and mechanisms of administrative and financial law in regulating business and other economic activities, particularly in banking, insurance, or other financial activities.

## **Programme advantages:**

The programme includes author courses designed by the professors of the department. They are based on the analysis of the Russian and international legal framework. The programme is unique in that the subjects included meet the requirements of leading foreign universities.

## **Graduates' expertise and career opportunities:**

The programme takes account of opinions and experience of lawyers practicing in various spheres of public and private economic entrepreneurship who participated in the programme development. Programme graduates are qualified for work in state bodies regulating industry and business, as well as in leading companies providing legal services in all areas of economic activities, including participation in hearing and resolution of administrative disputes.

## **Specializations within this programme**
