

Systems analysis and management in large systems

Moscow Institute of Physics and Technology (National Research University)

Language of study:

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **yes**

Price: **295 000.00 Rub per year**

Programme curator: **Yaroslav Savyolov**

Tel.: **+7 (498) 713 91 70**

E-mail: interadmission@phystech.edu

Programme Director: Prof. Vasiliev Mikhail

Chair: Chair of Logistics Systems and Technology

Description:

In the process of training, students study disciplines focused on modelling, analysis, synthesis, production and operation of various objects intended for the design and management of complex systems, resources, processes and technologies. The objects of professional activity of a graduate are complex technical, information-management, economic, social and other large systems, as well as objects requiring system-analytical approach for management.
