Russian Language and Humanities Studies of Russia (Russian Studies) is a new master's program of FEFU, which was created to teach students in Russia, providing them with multifaceted theoretical and applied knowledge about today's Russia and its cultural heritage. The program will teach you to uncover the secrets of Russia and solve the riddles of the Russian soul. The program is intended both for international students who want to make a career that requires knowledge of Russia, and for Russians who want to better understand the world of Russia and its role in the global world. The program will provide undergraduates with highly professional expertise in Russia combined with in-depth knowledge in the field of culture and other related scientific fields.

A significant part of the full-time program consists of educational expeditions and field classes that will allow you to touch various types of Russian art, culture and everyday life. Also, undergraduates will have the opportunity to visit the historical and cultural centers of Russia and study the Russian language in depth.

Key modules and disciplines:

Russian Russian Russian Russian Classical Art in World culture; Russian Literature; Russian philosophy; Russian pedagogical heritage; Mass Culture of modern Russia; History of Russia; Cross-cultural communication; The Russian Far East as a gateway to the Asia-Pacific region.
