

Mechanical Engineering

South Ural State University

Degree or qualification is awarded: **Master's degree**

Language of study: **Russian, English**

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **yes**

Price: **161 600 rubles russian programm and 179 000 rubles English programm**

Programme webpage at the university website:

<https://www.susu.ru/en/education/masters-degree-programs/150401-mechanical-engineering-welding-allied-processes-and>

Programme curator: **Mikhail Ivanov**

Tel.: **267-99-60**

E-mail: IvanovMA@susu.ru

The program is focused on in-depth study and modeling of the processes of welding and surfacing by studying modern design methods, mathematical, physical and computer modeling of technological processes of welding and surfacing. Students are given a choice of topics for their theses from partner enterprises with a possibility of subsequent employment.

Specializations within this programme

Machines and technology of processing of materials by pressure

Mechanical Engineering (Welding, Allied Processes and Technology)

The program is focused on in-depth study and modeling of the processes of welding and surfacing by studying modern design methods, mathematical, physical and computer modeling of technological processes of welding and surfacing. Students are given a choice of topics for their theses from partner enterprises with a possibility of subsequent employment.
