

Wasteless Resource-Saving Technology To Produce Powder Materials and Advanced Products

National University of Science and Technology MISIS

Language of study: **Russian**

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **yes**

Price: **245 400 rubles/per year**

Programme curator: **Evgeny Levashov**

Tel.: **+7 495 638-45-00**

E-mail: levashov@shs.misis.ru

The program covers advanced powder metallurgy technology, scientific basics to produce functional materials for various industries.

Specializations within this programme

- Head of unit to produce products for different industries by means of powder metallurgy;
- Expert on development and improvement of manufacturing technology to produce functional materials and products.
