

# Non-ferrous and Precious Metals

National University of Science and Technology MISIS

Language of study: **Russian**

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **yes**

Price: **245 400 rubles/per year**

Programme curator: **Alexey Solonin**

Tel.: **+7 495 955-01-34**

E-mail: [solonin@misis.ru](mailto:solonin@misis.ru)

The program offers an unparalleled opportunity for independent advanced research, gaining experience in development and improvement of metallic materials, developing technological processes to control structure and properties of non-ferrous and precious metal alloys.

The students learn advanced structural research methods, computer-aided phase diagram analysis, simulation of deformation and casting processes.

## Specializations within this programme

- Development of new alloys.
- Non-ferrous and precious metals processing optimization
