

Liquid Phase Joining Technologies

National University of Science and Technology MISIS

Language of study: **Russian**

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **yes**

Price: **245 400 rubles/per year**

Programme curator: **Vladimir Belov**

Tel.: **+7 495 951-17-25**

E-mail: vdbelov@mail.ru

The program provides metallurgy-based approach to studying the production and development of soldered and welding joints and fillers.

It includes innovative technologies for obtaining meta-stable powder alloys and amorphous materials, and also joining materials and their properties during the treatment process.

Specializations within this programme

Liquid phase joining technologies
