

# Advanced Software Algorithms and Methods

National University of Science and Technology MISIS

Language of study: **Russian**

Mode of study: **full-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **210 000 rubles/year**

Programme curator: **Nina Krapukhina**

Tel.: **+7 499 236-25-35**

E-mail: [kikmisis@mail.ru](mailto:kikmisis@mail.ru)

Applied Mathematics builds up knowledge in the field of development and analysis of mathematical methods and models of objects, systems and processes for computation, analysis and synthesis of complex objects and decision-making in various areas based on advanced software (Computer Science).

The program focuses on modeling methods, computational mathematics, intellectual systems, image analysis, cloud computing, and computer graphics.

## **Specializations within this programme**

Advanced software algorithms and methods
