

Intelligent Systems, Computer Simulation and Control

National University of Science and Technology MISIS

Language of study: **Russian**

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **yes**

Price: **245 400 rubles/per year**

Programme curator: **Igor Temkin**

Tel.: **+7 903 798-54-82**

E-mail: igortemkin@yandex.ru

The program focuses on scientific research in intelligent system application, development of hardware and software for computer systems (including distributed systems), automated information processing and control systems.

Students use the department's laboratories, the Intelligent Open Space classroom and use OceanStor data storage and analytic systems.

Specializations within this programme

Master in Computer Simulation Methods and Intelligent Systems
