

# Rolling Mill Technology

National University of Science and Technology MISIS

Language of study: **Russian**

Mode of study: **full-time**

Duration: **2 years**

Availability of free education: **yes**

Price: **245 400 rubles/per year**

Programme curator: **Sergey Galkin**

Tel.: **+7 495 955-01-59**

E-mail: [glk-omd@yandex.ru](mailto:glk-omd@yandex.ru)

The program is intended to prepare experts on research, creation and development of rolling methods, processes and technologies targeting material and energy saving and the improvement of quality indicators of metal products and their diversification to increase production efficiency in various industries. Students use the equipment at the laboratories of the Metal Forming Department (MFD) featuring unique semi-industrial deformation treatment complexes using advanced computer-aided modeling tools with TESIS expert support. Learning process targets the subsequent employment at metallurgical, machine-building and defense industry enterprises and leading R&D companies.

## **Specializations within this programme**

Master of rolling mill technologies
