SPbPU is the oldest technical university in Russia and is also a national research university.

The university's graduates are in demand across research, design and business.

SPbPU offers its students:

- A wide selection of study programmes (Bachelor's, Specialist and Master's Degrees, Postgraduate Studies Programme);
- Teaching from the best lecturers of St. Petersburg and European universities;

- Internships;
- Academic mobility programmes;
- Double degree programmes;
- Scholarships;
- Assistance gaining employment with companies that are leaders in the global market.

Since the foundation of the university in 1899, a huge number of its graduates have received worldwide recognition in various spheres and won prestigious awards, including the Nobel Prize.

Éxito de los estudiantes

SPbPU international students consistently achieve professional success. Here are some examples:

- Abu Hattab Ahmad Hassan (Jordan) – Associate Professor, teacher at SPbPU.
- Frantisek Svitala (Poland) – President of the Association of St. Petersburg University Alumni.
- Gu Lo Guang (China) – Rector of Chongqing University
- Guang Jian (China) – Employee of the Ministry of Nuclear Power, PRC.
- Rosi Mamai (Chad) – Officer of the Ministry of Economics, Chad.
- Abdel Latif Abid (Morocco) – Honorary Consul of Russia in Agadir.
- Seddak Aissa (Algeria) – Professor of the University of Science and Technologies, Oran.
- Buyanbat Behbat (Mongolia) – Head of the Department of Education, Ulan-Bator City Council.

Los alumnos conocidos

Mikhail Koshkin	Renowned Soviet designer of the famous T-34 medium tank
Georgy Flerov	Famous Soviet nuclear physicist, specialist in ionizing radiation and one of the fathers of Soviet atomic bomb, a full member of the Soviet Academy of Science. Carried out research in synthesis and study of the transuranium elements.
Peter Kapitza	Leading Soviet physicist, engineer and innovator. Nobel laureate for discovery superfluid properties of liquid helium.
Mikhail Frunze	Major Red Army commander in the Russian Civil War.
Saparmurat Niyazov	President of Turkmenistan (1990–2006).
Mikhail Botvinnik	Soviet and Russian chess grandmaster and World Chess Champion.
Sergei Fursenko	President of the football club “Zenit”, Saint Petersburg.

La asociación internacional

SPbPU has over 295 strategic foreign partners. Among them are:

- Tsing Hua University, China.
- Zhejiang University, China.
- Technical University of Berlin, Germany.
- The Technical University of Milan, Italy.
- Stuttgart University, Germany.
- Hannover Gotfried Wilhelm Leibnitz University, Germany.
- City University London, UK.
- Universitat Politècnica de València, Spain.
- Lappeenranta University of Technology, Finland.
- Technical University of Graz, Austria.
- Belorussian-Russian University, Belarus.
- Russian-Armenian (Slavonic) University, Armenia.
- Technical University of Madrid, Spain.
- Hong Kong Polytechnic University, China.

Departamento de preparatoria

Otros tipos de formación

Los programas de preparación preuniversitaria permiten formar una idea acerca de la ciencia, la que el aspirante vaya a estudiar en los próximos años, y también ayudan a aprender el idioma ruso hasta un nivel suficiente para el dominio del material del curso. Por lo tanto, en los programas de formación preuniversitaria de la SPbPU distinguen tres perfiles: económico, humanitario y perfil de ingeniería. Estos programas son obligatorios para los estudiantes que planeen estudiar en las escuelas superiores rusas en los programas de bachillerato, máster y postgrado.

La primera edición de los programas de formación preuniversitaria de la SpbPU tuvo lugar en 1966. Durante más de medio siglo de su existencia más de 15.000 estudiantes de todos los continentes han realizado su formación.

La formación complementaria, que ofrece nuestra universidad, cumple con los requisitos de las normas educativas establecidas en las leyes federales, que entran en cuenta al elaborar el plan de estudios. Como el estudio de la lengua rusa es una prioridad para estos programas, la mayor parte del tiempo se dedica precisamente al estudio de la lengua rusa.

Te presentamos tres programas de educación complementaria:

1. "La preparación para el ingreso en la escuela superior - estándar" (la inscripción en este programa se extiende desde septiembre hasta noviembre)

- La duración de los estudios es de 10 meses
- El plan de los estudios incluye 1340 horas académicas
- Las disciplinas, incluidas en el plan de los estudios, dependiendo del perfil:

Perfil de ingeniería	Disciplinas básicas:	la lengua rusa, matemáticas, física
	Disciplinas complementarias:	informática, química, educación física
Perfil económico	Disciplinas básicas:	la lengua rusa, matemáticas, geografía social y económica
	Disciplinas complementarias:	elementos de ciencias sociales, informática, historia, educación física
Perfil humanitario	Disciplinas básicas:	la lengua rusa, historia, geografía social y económica
	Disciplinas complementarias:	elementos de ciencias sociales, literatura, matemáticas, informática, educación física

2. "La preparación para el ingreso en la escuela superior - intensiva" (la inscripción comienza a partir de noviembre)

La duración de los estudios es de 8 meses

El plan de los estudios incluye 1200 horas académicas

Las disciplinas, incluidas en el plan de los estudios, dependiendo del perfil:

Perfil de ingeniería	Disciplinas del perfil:	la lengua rusa, matemáticas, física
Perfil económico	Disciplinas del perfil:	la lengua rusa, matemáticas, geografía social y económica
Perfil humanitario	Disciplinas del perfil:	la lengua rusa, historia, geografía social y económica

Para alcanzar el mejor dominio del material se forman pequeños grupos de estudiantes, normalmente de 7-12 personas.

Al final del estudio los estudiantes, que totalmente hayan cumplido el plan de estudios, reciben certificados.

3. El programa de aprendizaje del idioma ruso "Preparación para el primer nivel de certificación":

La duración de los estudios es de 10 meses

El plan de los estudios incluye 840 horas académicas

Se estudia el idioma ruso.

Apoyo a los estudiantes extranjeros

A group of tutors helps students get an easy and quick start at the university and supervises all programmes taught in English. Students who wish can get a work permit to work outside of the university. There are on-campus and faculty job opportunities for full-time students.

La vida cotidiana de los estudiantes extranjeros

The university has a student housing complex comprised of several residential buildings, two of which are occupied strictly by international students. The dormitories are within walking distance from the departments located on campus.

Paid additional services are available in campus dormitories for foreign students: internet, student lounges, emergency medical center, sports facilities, self-service laundry, and a café.

Leisure and sport events

The Institute has a variety of social activities to suit many different tastes - festivals «Golden Autumn», «The Day of Russian Language», «Birthday of A.S. Pushkin», «Maslenitsa» (Russian Pancake week), «The Small Olympic Games».

Sport represents a lively section of the social life on University campus. A swimming pool and a fitness center are available for students.

El empleo de extranjeros graduados

Most graduates find jobs in their field of studies. Most sought after majors in the job market today are construction engineering, nuclear power and technology, metallurgy, electronics and nanotechnology, machine building.
