La Universidad Federal de los Urales es una de las más grandes en Rusia. Está situada en Ekaterimburgo – la ciudad moderna y dinámicamente desarrollada que se considera la cuarta en el país por el número de habitantes.

La UrFU es la universidad estatal que fue fundada por el Ministerio de Educación y Ciencia de la Federación de Rusia. Después de casi 100 años de su existencia la universidad se volvió uno de los líderes conocidos como en la investigación tanto en la educación y hace parte de 10 mejores universidades rusas.

Actualmente más de 30 000 jóvenes de 80 países estudian aquí. El número de profesores supera 3000. Entre esos hay los expertos del nivel mundial más alto en ciencias naturales, técnicas y en las sociales. El número de los graduados de la UrFU supera 360 000 personas.

13 institutos de la UrFU ofrecen mas de 450 programas de estudios universitarios, de másteres y del doctorado en ciencias naturales, técnicas, sociales, humanitarias, en las de economía y gestión. Las clases se enseñan en Ruso y en Inglés.

La infraestructura científica mas varia posible incluye como los centros interdisciplinarios de prioridad tanto los laboratorios, que conducen las investigaciones en varias áreas. El acceso al equipamiento único y la posibilidad de la colaboración con mejores investigadores internacionales procuran muchas posibilidades para el desarrollo de la actividad científica de los estudiantes y la de los profesores.

**En el 'road map' de la universidad se dice, que hay cuatro direcciones de prioridad por la investigación.**

- Las tecnologías informáticas y el ser humano en la sociedad de la información
- Energética, Economía de recursos, Aprovechamiento de los recursos naturales
- Tecnologías flexibles
- Sistemas vivos y salud

La universidad está abierta para la colaboración internacional, tiene mas de 400 universidades-socios, participa en las iniciativas como "La Universidad de la red de los BRICS y la misma de Ártica. La UrFU se volvió uno de los lugares mas populares para los eventos mas importantes y mas rumorosos como el final del campeonato de la programación ACM ICPC o la competición internacional de los físicos jóvenes.

La UrFU trata de mantener la fama del sitio internacional abierto para todos los estudiantes que quieran asistir a las clases de los científicos y políticos mas famosos. Durante los últimos años aquí dieron conferencias el laureado del premio Nobel, experta mundial del problema de los cambios del clima - el profesor Jean Jouzel y profesor Frank-Walter Steinmeier, el ministro de relaciones exteriores de Alemania. La universidad trata de que los estudiantes reciban la experiencia internacional. Todos ellos tienen oportunidad de participar en los programas del intercambio, pasando un semestre o un año en uno de 109 universidades-socios, situadas en 34 países. Los participantes pueden recibir las becas especiales para eso.

## **Éxito de los estudiantes**

UrFU offers students great opportunities for self-realization and development. Students are actively involved in research activities: they are co-authors of articles in scientific journals indexed by databases Scopus and Web of Science; they do not just work in research laboratories and centers, but also take part in the implementation of research grants of Russian Science Foundation and international organizations.

Each year, university students receive prestigious scholarships, including the Scholarship of the Government of the Russian Federation, the Scholarship of the President of the Russian Federation, the Scholarship of the first President of the Russian Federation Boris Yeltsin, RUSAL Scholarship, Oxford Russia Fund Scholarship, international scholarship Unicredit & Universities Foundation, etc.

One of the important student activities of the university is volunteering: The students from Ural Federal University took part in the organization and support of such major events as the Winter Olympics in Sochi, the International Universiade in Kazan, and International Industrial Exhibition INNOPROM.

University students take part in and win numerous international competitions in various fields, including the International Student Programming Contest ACM ICPC, Case Competition of KPMG International Cup Competition, International robot engineering contest Eurobot.

## Los alumnos conocidos

<b>Boris Yeltsin</b>	First President of the Russian Federation
<b>Vladimir Motyl</b>	Famous Russian film director
<b>Yury Gurevich</b>	Recognized mathematician and computer scientist, inventor of abstract state machines. He is Principal Researcher at Microsoft Research
<b>Gennady Burbulis</b>	Famous Russian politician, one of the drafters and signers of the Belavezha Accords
<b>Sergey Chepikov</b>	Two-time Olympic champion in biathlon
<b>Michael Zinigrad</b>	Famous chemist, Rector of Ariel University (Israel)
<b>Gleb Panfilov</b>	Outstanding Russian film director, winner of the Cannes Film Festival
<b>Konstantin Tszyu</b>	Famous sportsman, absolute boxing champion

### La asociación internacional

Ural Federal University actively develops the system of international relations. At the moment UrFU cooperates with 400 foreign universities, participates in the network projects such as BRICS University League, BRICS Network University, CIS University, SCO University, University of the Arctic, Association of Technical Universities of Russia and China.

Annually, more than 500 students and employees of UrFU travel abroad for academic exchange; they have the opportunity to receive the scholarship support of the university. The university admits not less than 200 students from foreign universities in academic mobility programs and international schools during the year.

All students of Ural Federal University can spend a semester abroad in academic exchange programs, choosing one of 45 partner universities or participating in the network international programs (Erasmus, North2North, Mevlana). The list of countries where UrFU students can spend their exchange semester includes Austria, Hungary, Germany, India, Italy, China, South Korean, Mexico, Romania, Taiwan, Thailand, Turkey, Finland, France, the Czech Republic.

UrFU scientists participate in the largest international programs supporting scientific research, for example, the Seventh Framework Program of EU, RESET-HESP Program of Open Society Institute.

The International Academic Council was created in the university in 2013 in the Competitiveness Enhancement Program. The Council was created to define the forms and directions of the scientific research development, the promotion of the UrFU brand and the establishment of closer relations with the leading scientific and educational centers of the world. The council is headed by co-Peace Nobel Prize winner, director of IPSL (Institute Pierre Simon Laplace), Professor Jean Jouzel. The list of the Council members includes an outstanding economist, professor of the New Economic School in Moscow Shlomo Weber, the Academic Director of the HSE Institute of Education and the counselor of the Russian Minister of Education and Science Isak Froumin, the Director of Knowledge Enterprise and Analysis Center at City University of Hong Kong Dr. Kevin Downing, the President of American Councils for International Education Dr. Dan Davidson, the Director for Applied Research in the New Economic School Igor Fedyukin.

More than 100 international delegations representing the leading universities of the world, diplomatic structures and large scale enterprises visit the university every year. UrFU is a corporate member of such organizations as the Russian International Affairs Council, EMBRI, ECPR, EUCEET, EFMD.

Ural Federal University is an open space and a platform where different cultures meet. UrFU keeps in touch with the diplomatic missions of Germany, France, the USA, the UK, Hungary, China and other countries. There are several cultural centers in the university. For example, the Confucius Institute was established in 2008 on the base of the UrFU Institute of Social and Political Sciences, Thai Cultural Center was opened in 2013.

The unique atmosphere of a truly international university is created by public lectures delivered by foreign scientists, diplomats and art figures, international conferences, exhibitions and meetings.

## Olimpiads

[Online competitions for prospective foreign students](#)

Every year Ural Federal University organizes competitions for prospective foreign students. These events are held in such countries as Kazakhstan, Tajikistan and Kyrgyzstan. The participants, who have shown good results, have the right to use their scores to enter the university. The prospective students show great interest to the competitions organized by Ural Federal University. In 2015, more than 1 000 students took part in the online-competitions on 10 subjects; more than 500 of them have been enrolled at the university.

## Departamento de preparatoria

**: Departamento de preparación para licenciatura**

UrFU offers various preparatory programmes for international applicants. Among them are intensive courses in Russian as a foreign language and a series of educational courses for those planning to enrol in the main programmes of the university.

In one semester, students with zero knowledge of the Russian language will obtain basic skills in oral communication and correspondence, and learn to read and understand simple texts. If desired, students can complete the one-year programme in one term, pass the final level of Russian language test for foreigners and receive a certificate.

The one-year preparatory course is designed for students planning further education at UrFU in the Russian language. It includes lessons in grammar, oral speech, reading, listening and phonetics, as well as Russian history, culture, literature and mass media. Upon completion of the programme, students take a university or international language certificate exam (Test of Russian as a Foreign Language).

### **Departamento de preparación para magistratura**

UrFU offers various preparatory programmes for international applicants. Among them are intensive courses in Russian as a foreign language and a series of educational courses for those planning to enrol in the main programmes of the university.

In one semester, students with zero knowledge of the Russian language will obtain basic skills in oral communication and correspondence, and learn to read and understand simple texts. If desired, students can complete the one-year programme in one term, pass the final level of Russian language test for foreigners and receive a certificate.

It includes lessons in grammar, oral speech, reading, listening and phonetics, as well as Russian history, culture, literature and mass media. Upon completion of the programme, students take a university or international language certificate exam (Test of Russian as a Foreign Language).

### **Apoyo a los estudiantes extranjeros**

Ural Federal University has a range of adaptation measures for international students. Under the Buddy program, Russian and international university students help newcomers adapt to their studies and solve all organisational matters (meeting at the airport/train station, settling into the dormitory, medical examination and obtaining health insurance). In addition, international students are introduced to the university, local sights, and the region.

The international service helps students solve visa issues, obtain work permits and more.

### **La vida cotidiana de los estudiantes extranjeros**

All international students get a place in the dormitory located within walking distance from the academic buildings. Currently, the university has 16 dormitories, including the new dormitory for 1000 students, opened in 2013. The dormitories have sports halls and lounges; students have access to the Internet.

The cost of living in the dormitory is about USD 100 per academic year. The medical unit of UrFU is located on the territory of the campus.

### **Leisure and sport events**

Every year, the university organizes more than 200 sport, social and cultural events. International students can become members of 23 student organizations, including such large international student organizations as BEST (Board of European Students of Technology), AIESEC, Erasmus Student Network.

Students are also given opportunities to develop their athletic potential in more than 30 sports teams; UrFU has an extensive sports and recreational infrastructure, which includes the sports halls, stadiums, ski resorts, an ice rink, a climbing wall and a swimming pool.

### **El empleo de extranjeros graduados**

All students and graduates of the university can receive consultation on employment at the UrFU Center for cooperation with employers. The Center organizes job fairs and presentations of the leading Russian and international companies, such as Rosatom, Unilever, Schlumberger and others. It gives students the opportunity to get the most

complete and accurate information about the working conditions and requirements of the potential employers. The Center for cooperation with employers is constantly expanding list of companies and organizations interested in cooperation with the university, and the graduates' database.
