Today, St. Petersburg Electrotechnical University LETI is among the best technical universities in Russia. It holds leading positions in the development of electronic, information and telecommunication, and information management systems and technologies, and life support and environmental protection technologies.

ETU LETI is an innovative university where research and teaching are closely intertwined. This guarantees a high-quality education and demand for its graduates.

Today, the mission of the university as a centre of education, science and culture consists of training highly qualified specialists in the following spheres:

- Electronics.
- Electrical and radio equipment.
- Information technologies.
- Automation and control systems.
- Instrument engineering and biomedical technologies.
- Humanities and economics.

ETU LETI boasts more than 50 research groups and modern laboratories which conduct research in the fields of electronics, radio physics, information and telecommunication systems, physics of solids, nanotechnologies, optoelectronics and quantum electronics, vacuum and plasma technologies, microwave and millimetre wave technologies, biomedical technologies, and more.

The university campus is composed of eight buildings with large classrooms, well-equipped laboratories and libraries where students have access to global information resources.

Our graduates are distinguished by their high competitiveness on the international labour market. St. Petersburg Electrotechnical University LETI has significant experience in training cohorts for employment in foreign countries. We have been teaching international students for more than 60 years. During this time, 3550 Bachelors and Masters of engineering, 370 candidates and doctors of sciences were educated by the university, now employed across 60 countries in Europe, Asia, Africa and Latin America.

ETU LETI offers 20 Bachelor's Programmes and 16 Master's Programmes. Most university programmes are taught in Russian. 2 Master's Programmes are available in English. We are proud of our history and traditions. We think about the future.

Les succès des étudiants

Les partenaires internationaux

Les Olympiades

Regional academic competitions in various subjects at ETU LETI for international applicants

Subject-based academic competitions of higher educational institutions held by St. Petersburg Electrotechnical University LETI in which international applicants may participate:

1. Biotechnical systems
2. Radio engineering
3. Theoretical foundations of electrical engineering
4. Physics

Academic competitions are held annually in Kazakhstan and Tajikistan, and a decision on admission to a master's degree programme at St. Petersburg Electrotechnical University LETI is made according to the test results.

Remote online testing for applicants to English master's degree programmes April-June

Applicants who have passed initial selection in the presentation of documents stage take online tests in mathematics, information science and electrical engineering. A decision on admission is made based on the test results.

Academic competitions for international applicants

Throughout the year (special dates are set for each country)

The "Time to study in Russia!" consortium annually holds academic competitions of the same name for high school graduates of foreign countries. The consortium operates with the support of the Ministry of Education and Science of Russia and the Rossotrudnichestvo agency. Participation in these academic competitions is free, and if the test is passed successfully, foreign citizens have the right to a government scholarship and automatic enrolment at one of the Russian universities listed by the applicant.

St. Petersburg Electrotechnical University LETI academic competitions in CIS countries

Annually, October-June

The university regularly holds academic competitions for residents of the republics of Kazakhstan, Tajikistan and Belarus.
Republic of Belarus: Brest, Mogilev, Baranovichi, Vitebsk, Polotsk, Novopolotsk, Pinsk, Grodno (Hrodno region), Lida, Gomel.
Republic of Kazakhstan: Aktyubinsk, Aktau, Almaty, Astana, Atyrau, Baikonur, Karaganda, Rudny, Uralsk, Ust-Kamenogorsk, Chimkent.
Republic of Tajikistan: Dushanbe, Kurgan-Tyube.

La faculté préparatoire pour les étrangers

Le soutien des étudiants internationaux

Foreign students of ETU get necessary support at our University. They can be met at the airport/railway station upon their arrival (the University renders assistance in transfer organisation on a fee-paid basis). They also obtain assistance with migration registration and getting medical insurance. Students work with tutors, who help them solve different problems and assist with necessary advice.

Various events are held at ETU that help students with social adaptation in an unknown city and country. ETU "LETI" also has the Centre for Vocational Adjustment and Employment Assistance, which helps students with job search.

La vie quotidienne des étudiants internationaux

Foreign students of ETU are accommodated in comfortable student dormitories during their studies. The dormitories are situated within walking distance of the subway. 2 students live in each room.

Recreation rooms, rooms for studies, kitchens and gyms are fully equipped for comfortable and safe accommodation.

Les événements sociaux et sportifs

ETU LETI students lead an active cultural life and are highly creative.

Various events are held at our university:

- concerts and festivals, such as the annual inter-university forum Palette of Languages and Cultures, the Eastern New Year;
- intellectual competitions "What? Where? When?";
- KVN (Club of the Merry and Quick-Witted) games;
- evenings and parties dedicated to various cultures;
- athletic events in boxing, track and field events, football and many others.

Emplois pour les diplômés internationaux

Graduates of St. Petersburg Electrotechnical University LETI including international graduates are employed at international companies such IBM, Medicine Equipment LTD, Euclid TechLabs (USA), and Xerox. Upon graduating from St. Petersburg Electrotechnical University LETI, some students are employed by universities in their home country. For instance, the Vice-Rector of Hanoi Open University (Vietnam) is an ETU LETI graduate.
