Ural Federal University (UrFU) is one of the largest universities in Russia bringing together fundamental education and an innovative approach towards the challenges of modern times.

The University is located in Yekaterinburg – a modern and dynamic city, fourth largest in Russia in terms of population.

The community of UrFU graduates numbers more than 300,000 people; during its almost 100-year history, the university has become one of the recognized leaders in research and education belonging to the top-10 in Russia. UrFU is a public university established by the Ministry of Education and Science of the Russian Federation, and a

member of the large-scale state project aimed at enhancing global competitiveness of 15 leading Russian universities.

Currently the university is home to more than 30,000 students from 60 countries and more than 2 000 faculty members, including the top-notch global experts in the spheres of natural sciences, engineering and social sciences. Our 18 Institutes offer more than 350 Bachelor, Master and Doctoral Programmes in natural sciences, engineering, social sciences, humanities, economics and management taught in Russian and English.

The vast research infrastructure of the university includes key excellence interdisciplinary centres and laboratories in various fields. Access to unique equipment and the opportunity to work together with the leading international researchers provides wide opportunities for UrFU students and staff..

The four priority research areas stated by the University Roadmap are:

- IT and Human Being in the Information Society
- Power Engineering, Resource Saving, and Environmental Management
- Flexible Technologies and New Materials
- Living Systems and Health

The university is open to international collaboration having more than 400 partners all over the globe and being an active participant of such initiatives as BRICS Network University and Arctic University; it has become the largest regional platform for holding large-scale international events, including the World Finals of the ACM ICPC Programming Championship and International Young Physicists Tournament.

UrFU is an open international environment providing students with a chance to attend lectures given by renowned speakers (during the last year open lectures were delivered by Professor Jean Jouzel, Nobel prize winner and the world's leading expert in climate change, Professor Frank-Walter Steinmeier, German Minister for Foreign Affairs and many others). The university strongly supports its students in gaining international experience, all degree students can take part in a semester or year-long exchange program with 64 partner institutions from 22 countries of the world with their studies being supported by the UrFU scholarship.

The UrFU campus is located in the centre of the city and includes a network of academic buildings and laboratories, student dormitories, the largest research library in the region, sport and leisure centers.

Yekaterinburg is often called "The city of youth" because of the vibrant student life and many opportunities offered by our dynamically developing city. There are a number of international student organizations at Ural Federal University (Buddy System UrFU, Erasmus Student Network Ural Federal, Student UN Organization, BEST (Board of European Students of Technology) that organize a wide range of student activities, holidays celebrations and weekend tours.

Our academic traditions and open attitude towards the best global practices allow Ural Federal University to provide high-quality education, carry out breakthrough research projects and come closer to our dream - becoming the first world-class university in the heart of Eurasia.

Les partenaires internationaux

Ural Federal University actively develops the system of international relations. At the moment UrFU cooperates with 400 foreign universities, participates in the network projects such as BRICS University League, BRICS Network University, CIS University, SCO University, University of the Arctic, Association of Technical Universities of Russia and China.

Annually, more than 500 students and employees of UrFU travel abroad for academic exchange; they have the opportunity to receive the scholarship support of the university. The university admits not less than 200 students from foreign universities in academic mobility programs and international schools during the year.

All students of Ural Federal University can spend a semester abroad in academic exchange programs, choosing one of 45 partner universities or participating in the network international programs (Erasmus, North2North, Mevlana). The list of countries where UrFU students can spend their exchange semester includes Austria, Hungary, Germany, India, Italy, China, South Korean, Mexico, Romania, Taiwan, Thailand, Turkey, Finland, France, the Czech Republic.

UrFU scientists participate in the largest international programs supporting scientific research, for example, the Seventh Framework Program of EU, RESET-HESP Program of Open Society Institute.

The International Academic Council was created in the university in 2013 in the Competitiveness Enhancement Program. The Council was created to define the forms and directions of the scientific research development, the promotion of the UrFU brand and the establishment of closer relations with the leading scientific and educational centers of the world. The council is headed by co-Peace Nobel Prize winner, director of IPSL (Institute Pierre Simon Laplace), Professor Jean Jouzel. The list of the Council members includes an outstanding economist, professor of the New Economic School in Moscow Shlomo Weber, the Academic Director of the HSE Institute of Education and the counselor of the Russian Minister of Education and Science Isak Froumin, the Director of Knowledge Enterprise and Analysis Center at City University of Hong Kong Dr. Kevin Downing, the President of American Councils for International Education Dr. Dan Davidson, the Director for Applied Research in the New Economic School Igor Fedyukin.

More than 100 international delegations representing the leading universities of the world, diplomatic structures and large scale enterprises visit the university every year. UrFU is a corporate member of such organizations as the Russian International Affairs Council, EMBRI, ECPR, EUCEET, EFMD.

Ural Federal University is an open space and a platform where different cultures meet. UrFU keeps in touch with the diplomatic missions of Germany, France, the USA, the UK, Hungary, China and other countries. There are several cultural centers in the university. For example, the Confucius Institute was established in 2008 on the base of the UrFU Institute of Social and Political Sciences, Thai Cultural Center was opened in 2013.

The unique atmosphere of a truly international university is created by public lectures delivered by foreign scientists, diplomats and art figures, international conferences, exhibitions and meetings.

Les Olympiades

[Online competitions for prospective foreign students](#)

Every year Ural Federal University organizes competitions for prospective foreign students. These events are held in such countries as Kazakhstan, Tajikistan and Kyrgyzstan. The participants, who have shown good results, have the right to use their scores to enter the university. The prospective students show great interest to the competitions organized by Ural Federal University. In 2015, more than 1 000 students took part in the online-competitions on 10 subjects; more than 500 of them have been enrolled at the university.

La faculté préparatoire pour les étrangers

Le soutien des étudiants internationaux

Ural Federal University has a range of adaptation measures for international students. Under the Buddy program, Russian and international university students help newcomers adapt to their studies and solve all organisational matters (meeting at the airport/train station, settling into the dormitory, medical examination and obtaining health insurance). In addition, international students are introduced to the university, local sights, and the region.

The international service helps students solve visa issues, obtain work permits and more.

La vie quotidienne des étudiants internationaux

All international students get a place in the dormitory located within walking distance from the academic buildings. Currently, the university has 16 dormitories, including the new dormitory for 1000 students, opened in 2013. The dormitories have sports halls and lounges; students have access to the Internet.

The cost of living in the dormitory is about USD 100 per academic year. The medical unit of UrFU is located on the territory of the campus.

Les événements sociaux et sportifs

Every year, the university organizes more than 200 sport, social and cultural events. International students can become members of 23 student organizations, including such large international student organizations as BEST (Board of European Students of Technology), AIESEC, Erasmus Student Network.

Students are also given opportunities to develop their athletic potential in more than 30 sports teams; UrFU has an extensive sports and recreational infrastructure, which includes the sports halls, stadiums, ski resorts, an ice rink, a climbing wall and a swimming pool.

Emplois pour les diplômés internationaux

All students and graduates of the university can receive consultation on employment at the UrFU Center for cooperation with employers. The Center organizes job fairs and presentations of the leading Russian and international companies, such as Rosatom, Unilever, Schlumberger and others. It gives students the opportunity to get the most complete and accurate information about the working conditions and requirements of the potential employers. The Center for cooperation with employers is constantly expanding list of companies and organizations interested in cooperation with the university, and the graduates' database.
